<b>Question</b>	<b>Answer</b>
<p>Till the academic session 2017-18 both English (Communicative)-101 and English (L&amp;L)-184 were allowed and the students were being sponsored by the schools in both the English subjects.</p> <p>W.e.f. session 2019-20 only English (L&amp;L)-184 was allowed to be offered by the students.</p> <p>In the Historical distribution of marks if the reference year is 2018 or 2017, average marks of both English (Communicative)-101 and English (L&amp;L)-184 are displayed.</p> <p>In certain cases, the average marks of English (Communicative)-101 are considerably higher than English (L&amp;L)-184. In these cases, the schools are being forced to award much lesser marks to the students in session 2020-21 when these students have scored really well and comparable to marks of English (Communicative)-101.</p>	<p>English (Communicative)-101 was discontinued from 2019-20 and there are schools where the reference year is older than 2019-2020, so the data of both the subjects of English will be displayed in these cases.</p> <p>The marks in the subject of English (L&amp;L)-184 shall be awarded in such a manner that the overall average of both English (Communicative)-101 and English (L&amp;L)-184 for 2020-2021 is up to the average of both English taken together in the reference year.</p>
